The Chairperson
Management Committee

History is not created in a day. It has been 17 years since Bagiswori College was established. Since then, it has become the choice of many students. Providing quality education at affordable fees is our prime objective, and we believe in our endeavor. However, it would not have been possible to run this college without the consolidated efforts of a competent administration, dedicated teachers, supportive parents, and disciplined students. We hope to continue these combined efforts in the future as well.

Education today is often seen as a business rather than a service. Education is not a privilege for the high class only but a right for every citizen. Poor educational policies by the government are depriving working-class people of higher education. Here at Bagiswori College, we provide equal educational opportunities for all at reasonable fees.

We are proud that the college, established with limited resources, has been upgrading its facilities and resources on its own and anticipates further

advancements in the near future. Today, a large number of colleges with foreign names are mushrooming, motivating students to work abroad rather than in their own country. In this scenario, our college is committed to producing skilled manpower essential for the overall development of the nation.

We take immense pleasure in being part of the center of excellence program started in this cultural city of Bhaktapur a decade ago and vow to achieve the goal of 'One Family, One Bachelor.' We believe that the college is contributing its best to the success of this program.

Lastly, I look forward to receiving continued support from all stakeholders for the overall progress of the college.

Dhan Kumar Shrestha
The Principal

Education is essential in today's world. It builds our personality, sharpens our vision, enhances our creativity, and beautifies our speech. It enables us to understand the world and tackle every challenge tactically. Bagiswori College is fully committed to realizing this essence of education. We provide students with well-facilitated physical structures, advanced teaching methods, transportation, fully equipped computer labs, and comprehensive libraries.

Our college has maintained impressive results in BA/BASW, BBS, MA-Sociology, and MBS programs, earning significant recognition and appreciation from various governmental and non-governmental sectors. The credit for our achievements and success goes to the dedicated members of the Management Committee, competent teaching and non-teaching staff, industrious students, sincere academicians, well-wishers, and guardians. Without their cooperation, guidance, and invaluable advice, the college would not have reached this prestigious position.

I extend my heartfelt gratitude to all of them and look forward to receiving their continued support and positive efforts in the future as well.

Introduction

Welcome to Bagiswori College

Bagiswori College is a non-profit making community college. It is located at the eastern gateway of historic city Bhaktapur. It acquired affiliation for running BBS (Bachelor of Business Studies) and BA/BASW (Bachelor of Arts or Bachelor of Arts in Social Work) programs from Tribhuvan University in 2064 B.S. Both programs are annual programs. Besides, the college runs two semester based master programmes- MBS and MA - Sociology. All these programmes are designed with greater degree of flexibility that allows the incorporation of the latest development in theory and practice of management, and humanities and social sciences.

OUR VISION

To make education available to every citizen at affordable fees for the societal transformation

OUR MISSION

To make the college a model learning centre among the community colleges in the nation.

OUR GOALS

- To make quality education at affordable fees accessible to everyone, chiefly to the economically unprivileged class.
- To help materialize the spirit of 'One Graduate: One Family', a mission of Bhaktapur.

OUR OBJECTIVES

- To create the comprehensive internal and external learning ambience and pathways.
- To make this college accessible and affordable to all who wish to develop their career with standard academic qualification.
- To promote a culture of treating everyone with dignity, respect and impartiality.
- To sustain excellence in teaching, research and public engagement.

OUR PREFERENCES

- Maintaining better academic excellence and effective performance
- Imparting skill-oriented education through research-based activities, trainings, seminars, workshops, community engagement programs, and other innovative performances.
- Prioritizing the utmost gratification and addressing the concern of the students.

STUDENTS' VOICE

Kajal Thapa

BASW 4th Year

My journey at Bagiswori College has been transformative. From the moment I stepped in with a mix of excitement and nervousness, I was given opportunities that shaped my future. Internships in various social organizations connected me with inspiring upperclassmen and faculty who offered invaluable guidance. The rigorous coursework and hands-on volunteering laid a solid foundation in social work principles and practical skills. Participation in diverse programs and seminars enriched my learning experience and fostered leadership, teamwork, and collaboration skills. The dedicated faculty, comprehensive curriculum, and supportive environment profoundly impacted my growth. I am deeply grateful for the unforgettable memories and lessons learned here.

Puja Lama

BBS 4th Year

I am Puja Lama, a BBS student at Bagiswori College from 2019 to 2024 AD. My academic journey here has been incredibly enriching, offering both academic excellence and a vibrant college life. The college's attractive infrastructure, extensive library resources, and well-maintained computer labs create a familial learning ambiance. Competent faculty, research-based teaching, and skill-based non-credit courses have significantly prepared me for a successful career. Participation in the Entrepreneurship Support Program enabled me to apply theoretical knowledge in practical settings and gain valuable business insights. Bagiswori College has truly provided me with a comprehensive education and valuable experiences for my future endeavors.

As a proud alumna of Bagiswori College, I can attest to its pivotal role in shaping my academic and personal growth. My journey through both my Bachelor's and Master's programs was marked by exceptional learning experiences, supportive faculty, and a vibrant college community. The college's commitment to academic excellence through a rigorous curriculum and innovative teaching methods ensured a well-rounded education. Scholarships and advanced technological resources were instrumental in my success, and the emphasis on practical knowledge, internships, and career counseling prepared me well for the professional world. My time at Bagiswori College was transformative, nurturing my aims and dreams, and I wholeheartedly recommend it to prospective students seeking quality education.

ENTREPRENEURSHIP SUPPORT PROGRAM SEED FUND WINNERS

My name is Nistha Kayastha, an alumna of Bagiswori College. Driven by my entrepreneurial dream, I eagerly joined the Entrepreneurship Support Program (ESP) at Bagiswori College. The extensive training in finance, legal, marketing, and business models refined my business idea and honed my skills. Despite challenges during internal pitching, the unwavering support from my teachers and family led me to a successful final pitch and financial negotiation. Receiving a grant of Rs. 31,50,000/- NPR, recognized among the best in Nepal, was a testament to the value of hard work and perseverance. I am immensely grateful to Bagiswori College, UGC-Nepal, and everyone who supported me, as this transformative experience has prepared me for future success and strengthened my commitment to utilizing this grant resourcefully.

An Alumna of Bagiswori College

My entrepreneurial journey began with a dream of creating something unique. While studying at Bagiswori College, I joined the Entrepreneurship Support Program, which changed everything. Despite lacking a business background, the program provided the essential training and guidance I needed to bridge that gap. Developing the business proposal was challenging, and there were times I felt overwhelmed, but the great support from my teachers, UGC Nepal, mentors, parents, and friends pushed me to continue and win the seed of Rs. 24,10,000/-. Throughout the program, I built up connections with key individuals who played crucial roles in guiding me. This experience has really made me understand the power of resilience, the importance of support, and the invaluable lessons learned through determination and hardship.
